2021 IEEE 12th Energy Conversion Congress and Exposition – Asia (ECCE-ASIA)
24th - 27th May 2021 | Singapore

2021 IEEE 12th Energy Conversion Congress and Exposition - Asia (ECCE-ASIA) is the pivotal international conference and exposition event on electrical and electromechanical energy conversion field which feature both industry-driven and application-oriented technical sessions, as expositions. ECCE brings together practicing engineers, researchers and other professionals for interactive and multidisciplinary discussions on the latest advances in various areas related to energy conversion. With the impact of COVID-19, 2021 conference is going hybrid/virtual.

DIGEST SUBMISSION & TOPICS

Prospective authors are invited to submit a digest no longer than four (4) pages with single column, 1.5 linespacing either as a regular paper or to a special session. The digest should include key equations, figures, results and reference but no author names and affiliations. All digests will go through a double-blind peer review process to ensure fairness and confidentiality. The papers presented in the conference will be submitted for inclusion into the IEEE Xplore digital library. The authors can refer to the following website for more information: www.ecceasia2021.com. The range of tracks include, but not limited to:

1 Devices, Characterization and Packaging
2 Power Electronics Converters
3 Multi-modular Converters
4 Wireless Power Transfer
5 Lighting and Transportation Electrification
6 Micro Grid and Smart Grid Application
7 Energy Storage Systems
8 Motor Drives and Actuators
9 Emerging Applications of Power Electronics
10 Condition Monitoring and Predictive Maintenance
11 Other related topics

IMPORTANT DATES

Deadline for digest submission 30th September 2020
Notification of Acceptance 1st January 2021
Final paper submission 15th February 2021
